

PREDICT C. O. P. MAINE VICTORY

Republican Leaders, After Aggressive Campaign, Say They Will Carry State by 30,000 Votes

ELECTION IS TODAY

Much Interest Attaches to Result Because of Tradition "As Maine Goes, So Goes the Country"

Portland, Maine, Sept. 12. — The state election in Maine, to which much importance is attached in the nation in presidential election year because of the tradition that "as Maine goes, so goes the country," will be held tomorrow. A governor and state auditor, four members of congress, a state legislator, and county officers will be chosen. There will be no election to the United States senate this year.

The Republicans, who have conducted an aggressive and well-organized campaign, predict they will carry the state by at least 30,000. It is 16 years since they have rolled up a plurality even approaching that figure, and ordinarily they have been content with one-half of it. Their greatest plurality was in 1896, when they carried the state by 45,000. The Democrats have expected no figures, but claim victory by a small majority.

Prominent Speakers Used.

The Democratic state organization has not waged so active a campaign as the Republicans and in explanation has pleaded lack of funds, but like the Republicans, it has had the speaking services of some of the ablest members of the national organization. Among them have been Franklin D. Roosevelt, candidate for vice president; Secretary of the Navy Daniels; former Secretary of the Treasury McAdoo; and Homer S. Cummings of Connecticut.

The Republican candidate for governor is Frederick H. Parkhurst of Bangor. His Democratic opponent is B. G. McIntyre of Norway, whom Governor Carl E. Milliken defeated in the election two years ago.

Of the four congressmen from this state, all Republicans, three are candidates for re-election. In the first district, Congressman Louis B. Goodall is retiring and the Republicans have nominated Carroll L. Beedy, county attorney of Cumberland. He is opposed by Frank S. Haskell, a Portland lawyer. In the second district, Congressman Wallace H. White Jr. is opposed by Dr. Wallace N. Price. In the third district, Congressman John A. Peters is opposed by Archie C. Dowd. In the fourth district, Congressman Ira G. Hersey is opposed by Leon G. C. Brown.

An element of uncertainty has been added in the entirely new factor of the women's vote. It is estimated that approximately 90,000 women have registered and that about one will vote for every two men tomorrow. The Republicans claim that they will have a majority of the women's votes, but Franklin D. Roosevelt, after a speaking tour of the state, said he was convinced the women were for the League of Nations and for that reason would support the Democratic candidates.

THE OPPOSING CANDIDATES.

Maine has gone consistently Republican in its state elections since 1882, except in 1910 and 1914.

Democratic leaders concede that the legislature will "probably be Republican," as at present.

REBELT CITIZEN KILLED.

Belfast, Sept. 12. — A Belfast child, John Toner, proceeding along the Newmarket road after curfew Saturday, was shot dead, making the thirty-second victim here, or including the July disturbances, the fifty-second. The total deaths in the 1856-57, heretofore reckoned as the worst in the city's history, was 51. Fifty-eight arrests were made in Belfast Saturday night after the curfew hour.

Armed raiders visited the Torrhead guard station last night and used arms, ammunition, telescopes, and other articles.

TO REBUILD ITALIAN TOWNS.

London, Sept. 12. — Of 52 towns damaged by the earthquakes of last week, several must be rebuilt, according to a dispatch to the Exchange Telegraph from Florence, Italy.

SISTERS SHOT TO DEATH BY MANIAC

Single Bullet Kills Both; Military Posse Captures Uniformed Man After He Is Badly Wounded

New Brunswick, N. J., Sept. 12. — Two sisters, the Misses Sadie and Susie Seiter, were shot to death in an automobile near here early today by a crazed man in a United States army uniform. Shortly afterward, a military posse captured Mike Marakovich, 26 years old, after he had been shot and badly wounded by one of its members. Marakovich, who wore an army uniform, was recently employed in the Maritan arsenal. He is in a serious condition in a hospital here. A single bullet killed both sisters, the police say.

The sisters were being driven home in an automobile by Frank Whitlock, who said they were accosted by a man who carried a rifle and seemed under the influence of liquor. Whitlock said he tried to persuade the man to go away, but that he refused, fired a shot at the car, and ran away. Whitlock rushed the sisters to a hospital, where they died. Hospital physicians said the bullet passed through both the girls' bodies, striking Sadie, who was in the front seat, and severing her spinal cord, and then piercing the breast of her sister in the rear of the car.

FRENCH AND ITALIAN PREMIERS TOGETHER

Discuss International Questions for Several Hours; Geneva Conference Postponed

(By the Associated Press.)
Aix Le Bains, France, Sept. 12. — The French and Italian premiers, Alexandre Millerand and Giovanni Giolitti, held their long-awaited conference here today. They met in the morning and discussed international questions for several hours at the Mirabeau hotel.

Count Bonin-Langere, the Italian ambassador to France, and Camille Barrere, the French ambassador to Italy, are in attendance here and will take part in the later discussions. The most important decision reached by the premiers today seemed to have been the postponement or definite abandonment of the Geneva conference.

Mr. Millerand announced that "this meeting was decided upon at Spa, but has not yet been held. It is impossible at the present time, even from a merely practical viewpoint, for it to take place before the Brussels financial conference fixed for September 24."

On the other hand, France and Belgium have shown the interest they would have in seeing the reparations commission resume its role in the study of these questions. Finally the government will have to consider what they have to do.

"Signor Giolitti offered no opposition to this policy."

MEXICO AN OIL RESERVOIR

With Consumption Likely to Exhaust U. S. Supply Within 25 Years Petroleum Industry Turns Eyes Southward

Washington, Sept. 12. — Mexico promises to become the oil reserve of the western hemisphere, the department of commerce declared today in a review of the petroleum industry in the southern republic. With increased consumption in the United States likely to exhaust producing fields in this country within 20 or 25 years, Mexico, the statement says, "offers the most encouragement to the American oil industry, both for present production and geographical situation."

Exhaustion of 40 per cent of the producing fields of the United States, the department's review stated, has caused Mexico to take second place in oil production, although only about 12 per cent of the potential capacity of Mexico is being actually produced. Oil exports from Mexico during the first six months of 1920 totaled 50,000,000 barrels, an increase of 72 per cent over the previous year.

INCREASE IN CANADIAN R. R. RATES VIGOROUSLY OPPOSED

Ottawa, Sept. 12. — The dominion government, in an official statement issued tonight, declined to grant a stay in the raising of the Board of Railway Commissioners which authorized the railways to increase freight, passenger and sleeping car rates. The order goes into effect tomorrow.

The government, however, recognized the right of appeal against the ruling, and it was announced, would facilitate an early hearing.

The proposal to increase rates has been opposed vigorously by the principal shippers in the dominion.

THOUSAND REFUGEES DIE OF HUNGER IN THE WILDERNESS

Constantinople, Sept. 12. — Fifteen hundred refugees have arrived in Istanbul, after having wandered for 40 days in the wilderness and the uncharted valleys of the mountains, the mercy of bandits. They report having lost 1,000 persons by starvation and other privations.

TOMORROW IS PRIMARY DAY

Little Interest Shown Throughout the State, Except in Local Contests

MAYOR LUNN ACTIVE

Asks Walker, Opponent for Democratic Senatorial Nomination, to Make Known League Stand

New York, Sept. 12. — Comparative little interest has been shown throughout the state, except where there are local contests, in the state primaries, which will be held Tuesday. In the Republican ranks, the principal contest is between Nathan L. Miller of Syracuse, former judge of the court of appeals, and State Senator George F. Thompson of Nazara, who are competing for the gubernatorial nomination. Miller, who has the backing of the Republican organization by virtue of the endorsement of the unofficial Republican state convention, has not conducted any extended ante-primary campaign. Senator Thompson, who is backed by William H. Anderson, state superintendent of the Anti-Saloon league, has made an extensive campaign, attacking Mr. Miller for his alleged affiliation with several large corporations.

Three candidates are contesting for the Republican nomination for United States senator. They are James W. Wadsworth Jr., incumbent, who is backed by the state organization; Mrs. Ella A. Boote, head of the Woman's Christian Temperance union in the state; and George Henry Payne.

Governor Smith Unopposed.

Jeremiah Wood, Republican organization candidate for lieutenant governor, is opposed by William Bennett, former state senator, who joined forces with Senator Thompson in the primary campaign.

In the Democratic ranks, Governor Alfred E. Smith is unopposed for the gubernatorial nomination. The principal Democratic contest is between Lieutenant Governor Harry C. Walker and Mayor George R. Lunn of Schenectady, for the nomination for United States senator. Mr. Walker, who has not conducted a primary campaign, is the organization candidate. Mayor Lunn has made an active speaking campaign, his chief issue being the inviolability of the direct primary law, which he declares was set aside by the unofficial Democratic state convention.

In addition to the state ticket contests, there are several minor congressional, legislative and judicial contests in both parties. Mayor Lunn today sent a telegram to Lieutenant Governor Walker, asking him to make a statement regarding his position on national issues.

"There are Democrats opposed to the League of Nations, who are led to believe by your silence on the League issue, that you are opposed to it, and for that reason expect to support you," the telegram said. "It has come to my attention that within the last few days you have pledged yourself to support the League of Nations. Do you not consider yourself in honor bound to make a statement to the effect that you are so pledged as well as to give your position on other vital matters concerned with the coming campaign?"

Numerous Contests in Vermont.

Montpelier, Vt., Sept. 12. — Contests among four candidates for the Republican nomination for governor, and three for the nomination of the same party for congress in the second district, will be decided at the Vermont primaries on Tuesday. The four men seeking nomination for chief executive, which usually is equivalent to election in this state, are Frank W. Agan of Ludlow, Fred H. Babbitt of Rockingham, Curtis S. Emery of Newport, and James Harness of Springfield.

Congressman Porter H. Dale is a candidate for re-nomination in the second district. He is opposed by Ernest W. Gibson of Braintree and John W. Gordon of Barre. Senator William P. Dillingham and Congressman Frank L. Green are unopposed for re-nomination.

There are no contests for leading places on the Democratic ticket. Fred C. Martin of Bennington will be the nominee for governor.

Again Supported by Governor.

Agan has had the support of Governor Percival W. Clement. Opposition to the prohibition amendment and the Volstead act has formed the basis for Agan's campaign.

COMPROMISE AVERTS GREAT ITALIAN INDUSTRIAL CRISIS

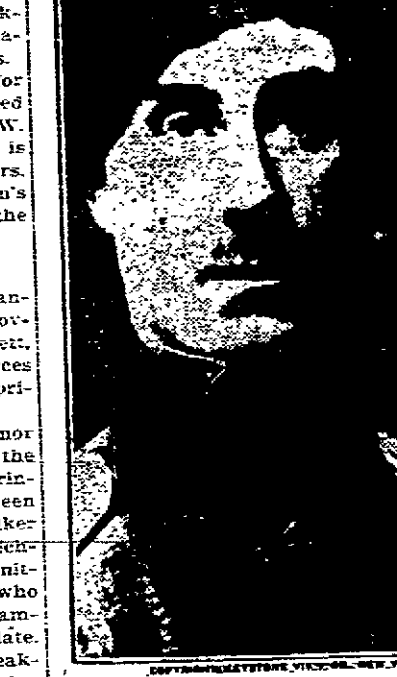

Milan, Italy, Sept. 12. — A plenary meeting of all the workmen's organizations was held last night to take under consideration the industrial upheaval which has come through the strike of the metal workers throughout Italy. The Socialist deputy, D'Ameglio, presented a resolution in the name of the general confederation of labor, favoring a compromise. This was adopted by a majority of 200,000 votes.

REPORT WRANGLER BADLY DEFEATED

Another Dispatch, However, Says Anti-Red Leader Has Captured Entire Bolshevik Brigade

London, Sept. 12. — An official Russian report received in Berlin speaks of the occupation of newly-fortified positions on the Bug river and the almost total destruction of the forces of General Wrangel, the anti-Bolshevik leader, says a wireless dispatch from Berlin.

The dispatch adds that the Poles

General Wrangel.

have retreated near Brest Litovsk before a new Russian offensive.

A Constantinople dispatch says General Wrangel reports severe fighting near Pologhi, in the province of Ekaterinoslav, where an entire Bolshevik brigade, including the staff, has been captured.

BAKER URGES 27TH MEN TO OPPOSE WAR

Recommends "Some Organization Among Men and Nations"—Veterans Parade Today

Saratoga Springs, Sept. 12. — The first reunion of the 27th division, which was composed of New York National Guardsmen, was opened here tonight with a plea by Secretary of War Baker for "some organization among men and nations that shall go as far as human organization can go to prevent the outbreak of war."

His assertion that attainment to this purpose should be one of the future activities of veterans of the division, was enthusiastically applauded. The speaker said he was as non-partisan about the permanent peace of the world as any man. He mentioned no agency designed to effect peace. Secretary Baker requested the co-operation of the veterans in efforts to reorganize the army, and paid a tribute to the work of the 27th division and General O'Ryan.

United States Senator James W. Wadsworth Jr. opposed a standing army as large as 375,000 men which will be first in size in the world. He declared neither was required in peace time.

Greetings from the 27th division, with which the 27th was associated with the British army overseas, were brought by Colonel Cary F. Spencer, former commander of the 117th infantry, and Brigadier General Edward M. Lewis, former commander of the 24th division. General O'Ryan presided.

Business sessions will open tomorrow, followed by a parade, the first in which the men have participated as a division since their discharge from the service.

made more doubtful by the new factor of the women's votes. All over the state, women have registered in large numbers.

MACSWINEY IS "MUCH WORSE"

Patient in Very Great Pain, Gaelic League Announces in Bulletin

MANY IN CORK FAST

Seven of Eleven Hunger Strikers in Jail There Appear to Be in a Critical Condition

London, Sept. 12. — A bulletin issued early this evening by the Gaelic league announces that Lord Mayor MacSwiney of Cork, who is on a hunger strike in Brixton jail, was much worse and that the patient was in very great pain.

A bulletin, issued at noon today, said MacSwiney had passed a slightly better night, during which he had a little sleep. He was described as still being in a state of extreme exhaustion, but conscious. At 2 o'clock this afternoon, it was announced that the patient had taken a turn for the worse.

Father Dominic paid his usual visit to the prisoner during the day.

Cork Strikers Failing.

Cork, Sept. 12. — Seven of the eleven hunger strikers in Cork jail appeared today to be in a critical condition. They are Sean Hennessy, the 19-year-old youth; Joseph Murphy, whose status as an American is being investigated; Thomas Donovan, Michael Burke, Upton, Powers and Kenney. Hennessy still was conscious today, but the others were so weak that they were hardly able to articulate. Murphy has a troublesome cough and he refuses to permit the doctors to do anything to alleviate it.

The correspondent of The Associated Press again was permitted this morning to enter the jail and talk with the government physician. He found that the physicians themselves are suffering from the effects of the severe strain they are under. Also, he learned that the four nuns, who in pairs are on duty day and night, and the prison chaplain, are on the point of a breakdown, due to the unceasing vigils at the bedside of the hunger strikers. Dr. Pearson, it was learned, had had no sleep for 48 hours.

Hennessy Alters Decision.

The physician today confirmed that John Hennessy, father of young Hennessy, had altered his decision to permit the nuns to endeavor to keep his son alive. His change of mind came shortly after he had granted permission to allow the nuns to use the means suggested by the physicians. It appears that young Hennessy regained consciousness for a short interval directly after the father had reluctantly consented to the plea of Harold Barry, former high sheriff of Cork, and that the old man was fearful of being put in the attitude technically of disregarding his boy's last conscious injunction. Mr. Hennessy placed the greatest hopes in the efforts Mr. Barry was making to gain his son's release, and last evening when a reprieve was not forthcoming, he became hysterical. The prison doctors are treating him.

"How much longer can they last?" the correspondent asked of the physicians today.

Both of them shook their heads.

"What is the attitude of the prisoners?" was then asked of them.

"They will die," answered Dr. Battiscombe. "This is due perhaps to the extreme exhaustion of their physical forces. I think they feel that death would relieve them."

"Suppose they were released?"

"There is no doubt in my mind," replied Dr. Battiscombe, "that the psychological effect on them of their release would be great."

Big Funeral for Irish Volunteer.

Cork, Sept. 12. — The funeral of Seamus Quirk, a young volunteer killed in Thursday's disturbances at Galway, brought out virtually every able-bodied man and woman in Cork this afternoon. There were large numbers of children also, but there was an entire absence of disorder. The military, as on the occasion of the funeral of the slain Lord Mayor McCurtin here last April, remained in barracks.

Not a single soldier was seen in the streets throughout the day, and the only bit of khaki visible was that of a dozen men on guard duty on the parapet of the jail, which lies back about the yards from the road along which the cortege moved.

Whether by accident or design, the horses and company of uniformed volunteers heading the long procession stopped for a few minutes at the intersection of a by-road leading to the jail, and all eyes were turned in the direction of the huge stone building where the hunger strikers are slowly dying.

SEVEN CRUSHED TO DEATH UNDER AUTO

Four in One Family Killed as Car Takes 20-Foot Plunge Off Bridge to Railroad Tracks

Tarrytown, Sept. 12. — Seven persons were killed and one seriously injured early today when an automobile in which they were riding crashed through a railroad dining car, thundered down a steep embankment and fell 20 feet to the New York Central railroad tracks at Dobbs Ferry.

The dead, all of whom live in New York city, are: Dr. George H. McGuire, 58, a physician; Mrs. Florence McGuire, 42, his wife; George H. McGuire Jr., 15, a son; Mary McGuire, 14, daughter; John J. Hawley, 58, building inspector; Mrs. Anna Hawley, 52, his wife; Edward Mulrooney, 15, son of Police Lieutenant Edward Mulrooney.

Francis McGuire, 12, the only survivor, received a broken leg. He was taken to a hospital in Dobbs Ferry. The members of the party were returning to New York from Orange Lake, near Newburgh. A terrible thunder storm broke as they were passing through Dobbs Ferry. And it is believed the physician became confused. Instead of turning into a road leading towards the Hudson river and drove the car through an iron fence guarding the bridge across the railroad tracks.

The occupants were pinned beneath the car, which overturned in its fall.

TO PROBE COLLEGE SHOOTING

Facts in Connection With Killing of Dartmouth Senior to Be Placed Before County Grand Jury

Hanover, N. H., Sept. 12. — The facts in connection with the killing of Henry E. Maroney, the Dartmouth college senior who was shot by Robert T. Meads of LeGrand, Ill., a fellow student, in a quarrel over smuggled whiskey last June, will be placed before the Grafton county grand jury when it comes in at Woodsville on Tuesday.

Members of the faculty and undergraduates probably will be called to testify what they know of alleged rum-running by students across the Canadian border; of the drinking bouts, which Maroney and several classmates, with liquor purchased or smuggled, were celebrating their qualifications for degrees; and of the pursuit of Maroney by Meads after some of his whiskey had been taken without payment.

If an indictment is returned, the trial will begin on Monday, September 20, this date having been agreed upon by County Solicitor J. H. Noon and A. H. Meads of Chicago, father of young Meads. The elder Meads is a corporation counsel and has spent the summer shaping the defense for his son. It is understood that Meads, who admits the shooting, will contend that he fired to defend himself.

Meads is a prisoner at the county jail at Woodsville, where he was taken after the killing last June.

SOCIALISTS ASK "FAIR" TREATMENT AT ELECTION

New York, Sept. 12. — Appointment of Socialists as inspectors of elections at the special election Thursday to fill vacancies in the assembly caused by the unseating of the five socialist members last spring, was asked by S. John Block, New York state chairman of the socialist party, in a letter today to Mayor Hylan and members of the board of elections.

The letter said that owing to the fusion of Democrats and Republicans in most of the districts, the election officials will be from the joint opposing parties, which, he declared, was "outrageously unfair."

He urged that the enrolled socialist voters in Bronx and Kings counties from which officials might be appointed.

"Unless enrolled Socialist voters shall be appointed by you for the purpose stated," the letter added, "the election on Thursday, September 16, will in all probability, result with fraud and dishonesty and will be wholly unfair."

D'ANNUNZIO DEMANDS LOAN FOR RELEASE OF U. S. SHIP

London, Sept. 12. — A Flume dispatch received in Rome says that Gabriele d'Annunzio has informed the Italian government that he will release the American steamer Cogne on condition that a loan of 200 million lire is granted to Flume, says a dispatch to the Central News from Rome.

The Cogne, bound for Buenos Aires, was captured recently by d'Annunzio's officers at Cattania and taken to Flume. It was stated that the vessel had a cargo valued at 40 million lire, comprising Swiss and Italian shipments destined for Buenos Aires.

Order was well preserved by the volunteers, a squad of whom fired salute over the grave. The priest's brief oration at the graveside contained references to the hunger strikers, and an expression of the wish that all Irishmen might meet death as heroically as Quirk had done and as the Cork prisoners were doing.

COX IS VICTIM OF LARYNGITIS

Physician Urges Him to Cancel Some of Speaking Engagements, But He Refuses

HARDING TO TOUR

Approves Trip for Early Next Month; Busy Week of Speech Making

Portland, Ore., Sept. 12. — Governor Cox, whose throat has been giving him trouble during the past few days of his campaign tour of the west, was examined today by a specialist who declared the governor's throat was in bad condition, and advised him to cancel some of his speaking engagements. This, Governor Cox declared, he would not do. The trouble was diagnosed as speaker's laryngitis.

The physician, Dr. Charles O. Chamberlain, a son of Senator Chamberlain, was called in this morning after Governor Cox arrived from Seattle, and prescribed massage treatment and obtained a masseur who agreed to accompany the Democratic nominee on his trip to Salem, Oregon, and possibly continue further on the tour.

A gathering of about a hundred persons, including many women, was at the station when the governor's train arrived at 7:40 o'clock this morning, but Dr. J. C. Smith, state Democratic chairman, after conferring with members of the candidate's party, said that the governor desired more rest, and would meet the reception committee at his hotel at 3 o'clock.

Governor Cox had announced that he desired a quiet Sunday and would attend church services. Several churches extended invitations, but not until the governor and Senator Chamberlain started for Westminster Presbyterian church was any intimation given as to where the visitors would worship. At the church, the governor refused to be ushered down the aisle and sat near the door. He listened to a sermon by the Rev. Dr. Edward H. Pence.

Roosevelt Resumes Campaigning.

Poughkeepsie, Sept. 12. — Franklin D. Roosevelt, Democratic Vice Presidential nominee, left tonight for New Hampshire to resume his campaign speeches before the state election. This morning, Mr. Roosevelt attended funeral services held for his uncle, Warren Delano, of New York and Barre, Vermont, killed last Thursday at the Barrytown station when his favorite horse bolted into the path of an express train. A special train bore the body of Mr. Delano to Fair Haven, Mass., for burial.

Harding Discusses Varied Subjects in Front Porch Speeches This Week

Marion, Ohio, Sept. 12. — The Japanese question, railroad labor, naturalization of aliens, and constitutionalism, head the list of subjects to be discussed by Senator Harding in his front porch speeches during the coming week.

The Republican nominee's views on the Japanese problem as it is presented in conditions on the Pacific coast, are to be set forth on Tuesday in an address to a delegation of Californians. He has conferred with a number of Republican leaders from the coast state on the subject and has collected considerable data in preparation for the speech.

Railway affairs are to be dealt with by the senator tomorrow at a gathering of the Harding and Coolidge Railway Employees' club of Marion, and on Friday, the anniversary of the adoption of the federal constitution, the nominee will make an address on constitutional government to delegations from Ashland, Champaign, Defiance, Knox, Logan, Ottawa, Putnam and Tuscarawas counties, Ohio.

Many prominent citizens of foreign birth will hear an address on the Americanizing of immigrants. Several cities are to be represented, business men making no more of the delegation.

Today was spent by Senator Harding resting, and in the afternoon, he motored to Columbus and took dinner with friends.

Harding to Leave Front Porch.

Columbus, Ohio, Sept. 12. — Approval of a speaking tour, likely to start early in October, was given today by Senator Harding. It was announced by Harry M. Dargatzis, the senator's pre-convention campaign manager, following a conference here today with the candidate. Dargatzis gave no dates for the itinerary proposed for the trip, saying that the plan must be finally passed upon by New York and Chicago headquarters, but that he might make definite announcement here Tuesday.

BASEBALL ANNIVERSARY.

Chicago, Sept. 12. — The fifty-fifth anniversary of the first professional baseball championship game will be celebrated by the Old Timers Baseball Association at a dinner here October 12. The game was played between the Cincinnati Red Stockings and the Chicago White Stockings October 12, 1870, at the old Dexter Driving park in this city. The Cincinnati aggregation went down to defeat 16 to 3 at the hands of the Chicago team.

ROBINS GET FIRMER HOLD.

Continue Hard Hitting and Fast Fielding, Trimming Chicago, 5 to 0.

Brooklyn, Sept. 12.—Brooklyn got a firmer hold on first place today when the Robins continued their hard hitting and fast fielding and won the first game of the series from Chicago, 5 to 0. Grimes, of the Superbas, was invincible throughout, and, although he yielded four hits and a pass, only 23 basemen actually faced him in nine innings. All of Brooklyn's players made one or more hits, except Myers and Miller, both of whom aided, however, with sacrifices. Grimes received perfect support by his teammates, who had a total of 29 assists. Olson repeated his spectacular fielding of yesterday. Vaughn of the Cubs pitched steady ball until the fifth inning, when Schmandt's Texas leaguer dropped safely in center field and then bounded over Faskert's head for a lucky triple. From this point on, he was hit hard.

REVIEW OF THE WEEK ON STOCK EXCHANGE

Successful Issues of New French Loans and Steady Decline of Foreign Exchange Features

New York, Sept. 12.—Conspicuous features of an otherwise unimportant and uncertain week in the financial market were furnished by the highly successful issues of the new French government loans and the steady decline of foreign exchange, particularly sterling.

These seemingly paradoxical developments were accompanied by extensive imports of gold, most of which doubtless is to be applied to the payment by France of her half of the Anglo-French war notation, which matures October 15 next.

The ready acceptance of the French underwriting removed all doubt in the minds of financial interests that a turn for the better had come, not only in the responsive attitude of investors, but also in the general credit situation.

In some quarters, there was an evident disposition to ascribe the reversal in international exchange, which effaced much of the recovery made in the last half year, to speculative operations, based upon the more menacing aspects of the foreign labor situation.

The irregular advance of stock market prices, in which bonds, notably foreign issues participated, was directly traceable to easier rates for call loans and increase of time money offerings, the latter, however, holding at eight and one-half to nine per cent.

Pools abandoned their recent bullish activity in the low-priced or reorganized rails, directing their energy, more particularly toward seasoned transportation, oils and shippings. Coppers benefited moderately by the retention of existing dividends, but steel and equipments drifted aimlessly, while motors and associated shares were occasionally subjected to bearish onslaughts.

Authoritative reviews of general trade conditions referred to a more hopeful feeling in many lines of trade, based on assurances of abundant crops.

At the beginning of the new school year the Government Loan organization for the Second Federal Reserve district has devised a plan of the utmost importance to children, parents, teachers and other school authorities, which within the next two weeks will be introduced into all the schools of the district. Although the details of the plan have not yet been announced, it is understood that the system will be extremely easy to operate and which it is believed will arouse new enthusiasm for the saving of money.

In devising the new school savings system the fundamental purpose of the authorities has been to make it attractive to the children to accumulate money. As a result of careful investigation the Government loan organization believes that parents are taking a much greater interest in developing habits of thrift in their children and it is expected that the proposed school savings system will be the means of stimulating the young people of each community to redouble their efforts to build a savings fund.

One of the most attractive features of the new plan is said to be the ease with which the teacher in each classroom can operate it. School teachers have won for themselves the special admiration of parents during the past few years because of their efforts to teach children the practical principles of thrift which are of such fundamental importance in determining successful careers.

Because of their great interest in the work, it is believed that teachers particularly will be enthusiastic over the new plan because of its simplicity.

In its letter to school superintendents the Government Loan organization said in part:

"Because of your official capacity and your personal interest in making better Americans through the medium of teaching thrift in a practical way in our schools we are writing, briefly regarding the government savings program for the coming year.

"In order that the government may render the utmost assistance to our boys and girls in their ambition to succeed, the school savings system has been greatly simplified, thus making it easier to operate, more interesting to teachers and parents, and more inspiring to the children.

"As we appreciate that this is for you one of the busiest periods of the whole year, we are sending this letter merely to give you advance information regarding the government plan, and we are refraining from sending supplies of the simplified savings books for another ten days with the thought that it will then be more convenient for you to give some attention to this important activity."

Editor of the Star:

It is with disappointment that I observe that Mr. Truitt, candidate for nomination for member of congress on the Republican ticket, is appealing to class spirit to aid his nomination. There has in the past been altogether too much of that spirit and our representation and leaders should teach that the welfare of this country depends, to a large degree, upon our all pulling together. "A house divided against itself shall fall." Mr. Truitt's appeal indicates that he is not the broad-minded man who should help shape the destinies of our government.—J. F. T.

BANKERS OF OTSEGO COUNTY

Held Annual Meeting Saturday in Cooperstown — George H. White, President, Succeeded Hon. Charles Smith, Who Declined — Over One Hundred Present — Inspiring Address by Secretary Johnson of State Board of Charities.

One of the most interesting, profitable and largely attended conferences of the Otsego County Bankers' association, was the annual meeting, held Saturday evening at the Hotel Otsego in Cooperstown. Altogether, there were 141 in attendance at the banquet, including besides the officers and directors of all save one of the membership banks, many members of their families. The dinner itself, which was served in the breakfast room of the hotel, was a delicious repast when full sustained the high regard of the delegates, and at its close an inspiring and instructive address was delivered by Hon. Charles H. Johnson of Albany, secretary of the State Board of Charities.

The business meeting was held in the banquet hall at 8 o'clock, and was called to order by President Charles Smith of Oneonta. The regular order of business was carried out, the officers and committees handling in most satisfactory reports; and the E. C. Brewer company of Gilbertsville was elected to membership on the recommendation of the executive committee. Officers were then elected as follows:

President—George H. White of the First National bank of Cooperstown.
Vice president—L. G. Welch, First National of Edinboro.

Secretary—E. D. Lindsay of Cooperstown National.
Treasurer—George Lovell, Schenectady National.

The executive committee will be named later by the president.

Hon. Charles Smith, who had been president for the two years since the organization of the association, declined reelection on account of the pressure of other business and a generous belief that the honors be more widely distributed. On invitation of President White, Hon. O. F. Lane of Schenectady gave a brief address, expressive of the grateful appreciation of the association for the work of Mr. Smith, who two years ago called the bankers of the county together in an informal conference in Oneonta, as a result of which the present body was organized.

Following the business meeting, the bankers and their guests adjourned to the breakfast room of the Otsego, where the dinner was served; after which the address of the evening was given by Mr. Johnson, who spoke on the work of the state in the lines of physical and moral betterment. Mr. Johnson, who has held his present position for many years and is fully conversant with the betterment work of the state, noted the large increase in state expenses for the past 30 years, and gave as among the reasons therefor the increase required by the state taking over the care of the insane, the taking over the care of the insane, the insane, and the work done for the eradication of tuberculosis, stress being laid particularly on the efforts of the state for the physical and moral welfare of young persons committed for minor offenses, and who are capable under proper conditions of becoming respected and worthy citizens. The address, which occupied about 45 minutes, was wonderfully inspiring and interesting and had the closest attention of all in attendance, who gathered from it a better understanding than ever they had before of the work which the state is undertaking.

At the close of Mr. Johnson's remarks, the bankers and their guests gathered in the card and dancing rooms and enjoyed a social evening.

INFORMING THE VOTERS.

Anti-Saloon League Speakers Tell Who Are Dry Supporters.

Nearly 45 addresses were given in various churches about the county on Sunday by representatives of the Anti-Saloon league and it may be assumed that they appealed especially to Republican voters, as the chief contests at the primaries on Tuesday are for nominations of that party.

Rev. W. M. Boston, a former pastor of churches in this locality but at present engaged in active work for the Anti-Saloon league, was the speaker at a union service at the First Baptist church at West Oneonta last evening and was greeted by a large congregation, there being delegations present from Oneonta Plains and Otsego to hear the address.

Mr. Boston stated that James W. Wadsworth Jr., Republican candidate for United States senator, has been placed in the wet column and he has never disputed the classification. Mrs. Ella A. Bools, one of his opponents, has always been a zealous advocate of the dry side. He told of indignities accorded her in the United States senate and by inference at least indicated that all who want to be represented by a dry United States senator should vote for her.

Relative to the congressional contest, the speaker said that James D. Clarke of Delhi had refused to declare himself as a "dry" supporter and the friends of temperance had no other alternative but to place him in the wet column. He said that Mr. Truitt and Mr. Jones had both expressed themselves as being on the dry side of the question and that Mr. Truitt has emphatically expressed himself as opposed to any modification of the Volstead act.

The speaker made no direct appeal to the voters present to support any particular candidate at the polls on Tuesday, leaving it to the friends of the dry side to make their own deductions. It may be assumed that the other speakers followed the same general policy in their addresses.

"BABE" RUTH IN "OVER THE FENCE" AT HATHAWAY'S ONEONTA THEATRE WEDNESDAY.

The special moving picture film to be on the bill Wednesday at Hathaway's Oneonta theatre, showing Babe Ruth striking out is an added feature with no extra charge.

The film was produced with the Speed-Owens camera, the shutter of which is so fast that the speediest human motion is delicate and slow in the eye of its camera.

The pictures are of a game between the Yankees and the Indians. They show Tris Speaker calmly launching a three-bagger. "Wally" Pipp is pictured floating off the ground to get a high one that drifts past about a foot above his reach. The big Babe is struck out in fast fashion.

Babe also bunts out a homer just to make the game go, but he can be seen doing that any day. It's striking him out that puts the punch in this picture.

POLITICAL ADVERTISING. — POLITICAL ADVERTISEMENT. POLITICAL ADVERTISEMENT. — POLITICAL ADVERTISING.

John D. Clarke's Personal Reply

This is my reply to the misstatements, half truths and untruths of the Frank H. Truitt Campaign Committee:

They say that John D. Clarke made a fortune as a lawyer for the Steel and Copper trusts.

I reply that I am not, nor have I ever been a lawyer for the Steel or Copper trust. I left a clerical position in the Steel corporation in 1906. While employed by them I worked at night, studying law, and passed the state bar examination and was admitted to practice law.

I admit that I have "made good" and that is the reason I entered this campaign. I thought the Republican voters of the 34th District wanted to be represented by a man who had made good, and was a worker.

I promise, if nominated and elected, to devote my time to giving you the best service in my power, and even my opponents admit in their advertisements I have ability and have succeeded.

I do believe we need to clean house in Washington and I want to help. We need to reorganize our government along real business lines, and if you want a success-

ful man, a regular Republican who was doing his best to elect Hughes instead of Wilson when Frank H. Truitt was enrolled in another party, give me your vote on Tuesday. I have always been a Republican and I shall stay a Republican.

The Primaries are held tomorrow (Tuesday, Sept. 14th, 7 a. m. to 9 p. m., new time). Will you get out and give me your support?

JOHN D. CLARKE Candidate for Congress

P. S. — The only funds contributed to my campaign have been supplied by my own boyhood friends, who have been mainly instrumental in inducing me to enter this campaign.

MISS HIMES TO LOCK HAVEN.

Valued Member of Normal Faculty Accepts Pennsylvania Position.

Miss Jeanne Scott Himes, for the past 14 years a member of the faculty of the Oneonta State Normal school, has resigned as principal of the kindergarten department, and on Saturday she left for Lock Haven, Pa., where she has accepted a position as instructor in child psychology.

Miss Himes during her considerable term of service in Oneonta has done excellent work in the school and has also interested herself in various forms of welfare work, particularly in that of the Mother's club, before which she had read several papers. Her resignation was accepted on her own request, in order that she might accept a position more lucrative and at the same time opening what are believed to be even broader opportunities for usefulness. Her many Oneonta friends, while regretting her departure, will wish for her abundant success at Lock Haven.

FUNERALS.

Extra Graves.

Funeral services for Extra Graves, whose death occurred last Wednesday, were held Saturday afternoon at 3 o'clock from his late home, 49 Center street, with a good attendance of relatives, neighbors and friends. Rev. Dr. S. M. Johns, pastor of the First Methodist church, officiated and gave a talk full of comfort for the bereaved family and containing a tribute to Mr. Graves' life work. The room was flooded with beautiful floral tributes from neighbors and friends.

After the services at the house, the body was taken to the Plains cemetery for burial, Harry Edmunds, John Houck and Albert Wynn of this city, and Carey Massett of Cleveland acting as bearers. Among those from out of the city who attended the services were W. W. Graves of Chicago, Mr. J. R. Vandusen of Syracuse, and Mr. and Mrs. Frank Lee of Birmingham.

Granville Blanchard.

The home of Mr. and Mrs. Frank Haines on South Side was filled with sorrowing yesterday afternoon, when funeral services were held for Granville Blanchard. Mrs. Haines' father, who passed away last Friday. News from all over the South Side district were in attendance, and there were also friends present from Oneonta, Davenport, and other nearby towns. Rev. Dr. C. S. Pendleton, pastor of the Main Street Baptist church, had charge of the services and paid a fitting tribute to Mr. Blanchard's worth and service to mankind. He referred to "victory after death" and spoke comforting words to the sorrowing relatives and friends.

Following the services at the home, the body was taken to the Plains cemetery for interment, about a score and more of motor cars making up the funeral party. Four of Mr. Blanchard's long-time friends acted as bearers. The display of flowers was as beautiful as it was large and gave evidence of the general esteem in which Mr. Blanchard was held by all who knew him.

Are You Going Picnicking this Week-end?

Remember the last time—how the sandwiches gave out. Don't let it happen again.

Plenty of wholesome, delicious sandwiches, temptingly made are the essential to any picnic lunch. But there needn't be a sameness about them—oh, dear, no, no.

Try something zippy and piquant like these Porto Rico sandwiches. They're a complete feast in themselves.

Porto Rico Sandwich

- 4 slices bacon
- 2 square slices Bread
- 1 ounce Young America Cheese
- 1 small cucumber pickle
- 2 lettuce leaves

Cook bacon until crisp and brown. Remove crusts from Bread, and spread lightly with fat left from cooking bacon. Cover with very thin slices of Young America Cheese, and then with thin round slices of cucumber pickle. On the other slice of Bread place the bacon. Put the two slices together, cut once diagonally, and toast first on one side, then on the other.

If you have a campfire at your picnic, all the better. Toast your sandwiches and serve hot on leaves of lettuce; oh joy!

Of course to get sandwiches the gods would envy, it is necessary to use delicious Bread; firm and tender and not a bit dry. That's—
